Let's Play!

Please don't forget to keep checking our twitter feed for up to date news about school and what's going on in class!

@cherry_class1

This half term your child will have the opportunity to bring home the class bear either over a weekend of for a couple of week days. The bear will come with a book where you can document what the bear has been up to whilst being out of school. Your child will then show the book and share what they did with the bear.

Areas of Learning

Our topic this half term is Lets Play! We will be focussing our learning on toys past and present.
In literacy we will be
In maths we will continue to deepen our knowledge on the number system and we will move onto looking at 2D and 3D shapes.
As Historians we will be looking and playing with old toys. We will compare old toys to toys we have today and learn about how they work and what they do.
As Scientists we will be investigating seasonal changes. We will be thinking about the seasons, months and weather and how these differ throughout the year.
As designers we will be looking at pop up art and books. We will have a go at making our own pop up and moving art!
In PE we will again be welcoming a specialist PE coach. This half term the children will be learning different skills and techniques used in the para Olympics. We will continue to work on these skills on a Tuesday in PE, and also work with the parachute.
In RE we will be looking at celebrations such as Diwali and Christmas.
Our continuous curriculum will be a toy shop.
