

World War 2

Hazel Class Year 3/4 Autumn 2 2016

Areas of Learning

As Historians, we will be exploring World War 2 from a child's perspective focusing on life in Britain during this time. We will locate it on a timeline and find out the cause of the war. Evacuation will be a main focus, using this to influence our writing. We will take part in our World War 2 day to put ourselves in the shoes of evacuees.

As Geographers, we are lucky enough to be experiencing Google Expeditions where we will go on virtual journeys. We will also use mapping to locate the countries involved in World War 2.

As Musicians, we will be working hard to learn all our new nativity songs, alongside listening to and learning traditional wartime songs.

As Computing experts, we will record our interviews and make an audio book. We will also look at using computing to make our calendar.

As Scientists, we will be growing, making and tasting our own food as part of 'Dig for Victory'. As a focus on Rocks and Soils we will be developing our knowledge of what lies beneath us and looking at a range of natural materials and how they are used.

As Writers, we will use our fantastic topic knowledge to inspire our writing in a variety of informative and descriptive ways. We will also be working hard in our 'Pen License Practice' to develop our joined up writing.

Homework this half term will be given out every Friday, sometimes the children will have a range of activities to choose one or more of.

Our PE this half term is the Paralympics.

Dates for your diary:

Wednesday 2nd November - World War 2 day

Friday 4th November - Google Expedition morning

Friday 18th November - Children in Need

Friday 16th December - Christmas Jumper Day
