

## Slaithwaite CE J & I School

### Pupil Premium Grant Expenditure 2018/19

The Government advises that the Pupil Premium is the best way to address the current underlying inequalities between children eligible for free school meals (FSM) and their peers by ensuring that funding to tackle disadvantage reaches the pupils who need it most. It is also used to support children who are adopted or fostered and those children whose parents serve in the armed forces.

As a school, we are free to spend the Pupil Premium funding as we see fit. However, we will be held accountable for how we have used the additional funding to support pupils from these groups of children and the emphasis must be on raising attainment. The funding per pupil has increased substantially year on year with those qualifying for free school meals generating income for our school detailed in the table below.

We organise teaching and learning at Slaithwaite CE J&I to meet the needs of all our children in the best way possible. We, therefore, ensure that appropriate provision is made for children who belong to vulnerable groups and that socially disadvantaged children have their needs adequately assessed and met.

We recognise that not all children who receive free school meals will be socially disadvantaged and we also recognise that not all children who are disadvantaged have free school meals. Therefore, we allocate pupil premium funding to support any child who we identify as being socially disadvantaged and should be making better progress. We also conduct a needs analysis to help identify and prioritise individuals and groups who require support.
