

Lets Travel!

Areas of Learning

Our topic this half term is lets travel, we will be focussing our learning on Brazil. We will look at maps, land marks and the rainforest.

In geography we will be looking at different continents comparing weather, size and life style. We will also look in detail at the rainforest.

As Scientists we will look at plants and flowers. We will learn what they need to survive taking part in lots of practical activities in the allotment.

In design technology we will be looking at food from Brazil. We will be trying and making different foods that originate from the country.

In Art we will be looking at the artist Henri Rousseau.

In computing we will continue with programming the bee bots making simple algorithms and de bugging.

In PE we will be doing athletic skills getting ready for sports afternoon.

In RE we will continue to look at belonging. We will start to look at different religions and look at the similarities and differences to our own faith.

Our continuous curriculum will be a travel agents and a rainforest exploring area.

Literacy

In writing we will be continuing to develop our independence making sure we check our own work for correct spellings, grammar and punctuation.

We will be focussing our main writing around the rainforest and Brazil. We will look at rhyming patterns, riddles and non-fiction writing.

Phonics

Week commencing 12th June we will take part in the phonics screening test. The children will do this one to one with me. During this time the class will be split in a morning across KS1.

Please continue to support your child with their phonics development going over the sounds at home.

Maths

In maths we will continue our number work.

We will start our new unit on time. We will learn telling the time on an analogue clock looking at half past, O'clock and quarter too/past. We will also look at digital time.

Please use the abacus work book sent home with your child to support them at home.
