Friday 17th April 2020

Dear Parents/Carers,

We hope you are all well and have had a lovely Easter.

In order to ensure that Home Learning for the next half term is as straightforward as possible, we have decided to adapt our usual Planning Overview format. The new format is a Topic Grid, for each class, which includes a variety of key questions and tasks, linked to each of the Curriculum areas for Summer 1. These will be available to view on our class twitter pages and also on our Class pages on the school website.

We will continue to post daily tasks on Twitter for English and Maths, as we did before Easter, with attached resources & worksheets, but rather than posting a specific Topic task each day we will direct you instead to choose a task/key question from a particular area on the topic grid such as Science, Geography or Additional Activities. Please feel free to attempt anything from the grid in any order you choose and please don't feel any pressure to complete everything - we have included a wide range of ideas/suggestions to allow flexibility - whatever you manage over the coming weeks will be absolutely fantastic and very much appreciated.

Thank you, as always, for your continued support.

Mrs. Bradley
